Charlie Says "Merry Christmas and Happy New Year 2017!"

**FEATURE:** We were honored to help our customer Linda restore bumpers for her 1965 Corvette Sting Ray. This vehicle has a lot of sentimental value to her and she keeps great care of it. We're glad she trusted us to help do the job right! Linda, thank you for your business it is greatly appreciated. Thanks for sharing your positive feedback and your photos. We hope you have many years of enjoyment with your Fresh Chromed bumpers. Merry Christmas and Happy New Year!!

**TESTIMONY:** Joe, thanks again, look how pretty she is with your beautiful bumpers. Good job! Thanks so much. Linda (NEW YORK)

**HISTORY:** The Corvette Sting Ray models were produced from 1963 – 1967. In 1965 the Sting Ray was in its third year and 23,562 were built. The base price for a '65 Corvette was \$4100. A couple engine options they offered were a carbureted 425 HP 396 cu in "Big-Block" Engine or a Rochester fuel injected 375 HP 327 cu in engine. The carbureted Big-Block engine cost less than the fuel injection. You would pay more money (\$245) but get less HP. Buyers decided to pay less and get more HP. This resulted in only 771 fuel injected models produced in '65. From this Chevrolet decided not offer the fuel injection option until the mid 80s. Corvettes are a True American Muscle Car with a long automotive history. We're glad we can help with restoring these classics and keep them looking great! I'm confident our experienced and skilled crew will do a great job for you.

**SHARE YOUR PROJECT:** Send us pictures and a short description of your project for a chance to be featured in a future Newsletter!

**Reds Parts Attic & Chrome Plating.** We specialize in restoring vintage and classic auto parts. Our crew has over 100+ years combined experience. Every part we restore is Triple Plated using Copper, Nickel & Chrome. This is the best way to restore old parts to a deep mirror, chrome finish that will last. Every day we are helping our customers restore parts to complete their restoration projects. Spring time and warm weather are just around the corner. Are you ready? Contact us today for a quote and delivery time estimate!

**Need help deciding which option to choose chrome or polish?** Our staff of experts will evaluate your parts and suggest the best option finish for your parts!
